Blue Pride

Lives Here

Language and communication are at the heart of human experience. We are committed to educating students so that they are equipped linguistically and culturally to communicate successfully in a pluralistic society, both at home and abroad.

We envision a future in which students will develop and maintain proficiency in English and at least one other modern or classical language.

Attleboro High School
Class of 2021

This year, more than any other, AHS Seniors faced challenges to academic success. A delayed start of the school year included making big decisions. Deciding to attend in a Hybrid schedule or attend Attleboro Virtual Academy (AVA) and take all their classes in an online format, presented a huge challenge for the Class of 2021.

Our Career and Technical Education (CTE) students were challenged in a pandemic year making hands-on education work, while staying at a safe social distance.

Many Seniors challenged themselves with Honors, Advanced Placement (AP) and CTE Classes, despite being faced with fewer hours in school and more computer based learning.

The following pages are meant to recognize and honor those students for their extraordinary efforts this academic year.

AHS Class of 2021
A Global Pandemic couldn't stop you!

PREREQUISITES FOR HONORS/AP COURSES

Attleboro High School offers an Honors level curriculum in most core subject areas. Some of these courses follow the Advanced Placement curriculum and are designated as AP. All of our course offerings are designed to prepare students for the challenges beyond high school whether in a college or career setting. Our Honors courses provide motivated students the chance to delve more deeply into the content area, and, consequently, move at a faster pace with significant student workloads. We hope that all students find the curricular level that best suits their current needs and postsecondary goals.

***Attleboro Program of Studies**

Career and Technical Education Department

The Attleboro High School Career and Technical Education Programs offer a three year course of study in a variety of technical areas and human services. CTE courses allow students to apply academic learning in "real life" experiences that complement the course work all high school students take to ensure college and career readiness.

The Career and Technical Programs are rigorous yet engaging and interesting, due to their project-based approach to learning. Over the three year program of study, students of the CTE programs follow a framework of instruction that prepares them in the areas of:

Health and Safety
Technical Skills
Embedded Academics
Employability Skills
Entrepreneurship and Management
Principles of Technology

Advanced Placement (AP)

Congratulations

Andrew and Benjamin Fasoldt

It's a boy . . . or two!

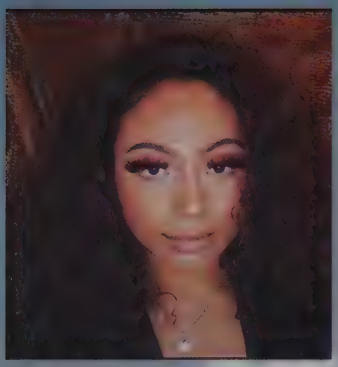
How exciting those words were 18 years ago!

There has been so much joy in watching you both grow into the fine young men you are today. You are alike in so many ways, but yet each of you also has your own unique qualities and talents. As you graduate from high school and move on to college and adulthood, know that our love and good wishes go with you always.

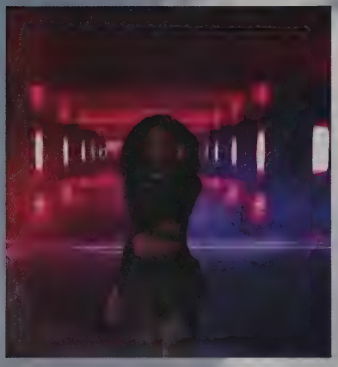
Love, Da and Nana, Aunt Michelle,

Aunt Kelly and Uncle Steve,

Corey , Ian, and Ticheme



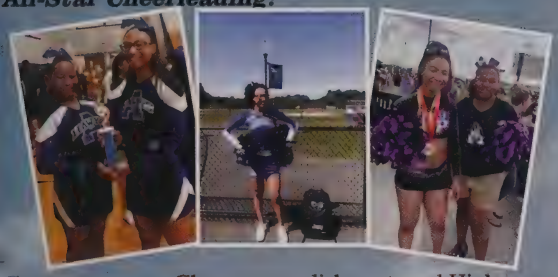
We always knew your Senior Yr. would be one for the records, but never would have imagined, it would be due to a global pandemic! Instead of driving to school in your new whip and making lasting memories with friends, your day consisted of walking from your bed to your Macbook for virtual school!



Nevertheless, you did it and did it well, and now it's time to spread your wings and begin the journey towards your dreams. Although Dad is not physically here to see you begin this journey, he will always be watching over you! Just always remember what he told you, "LIFE is full of opportunities, but it all depends on what path you choose to take, so go for it & be the BEST you can be, and always remember, WE will be cheering you on along the way!"

Congrats Jasmine,
Mom, Spirit Dad & Alyssia

Jasmine's cheer journey beginning with Attleboro White Hawks, to High School and All-Star Cheerleading!



Congrats on your Cheer accomplishments and High School Graduation Big Sis!

Love Alyssia & Creampuff

Winner of 2019 National Cheer Championship in Florida

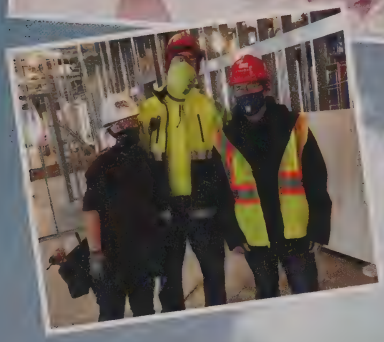
There are not enough ways to tell you how proud we are of the young man you have become. Keep working hard and following those dreams. May God continue to bless you on your journey.
We cross our hearts,
Mom, Dad, Jessen and Brooke
#fortitude



Maggie,
We are so proud of you! Go build the world, it is your canvas!
Love, Mom and Dad

Congratulations Brileu! So proud of all your accomplishments on and off the field. Eastern Connecticut SU is lucky to have such a wonderful young woman as a future Warrior! Keep up the hard work and continue to be tenacious in all you do. Love, Mom and Dad

CONGRATULATIONS KRISTA!

Congratulations on finishing this chapter of your life. You are a smart, compassionate, loving, young woman and we have no doubt that you will accomplish great things! We are so proud of you and love you more than you know!

Behind you, all your memories. Before you, all your dreams. Around you, all who love you. Within you, all you need.

Love, Mom, Dad, and Kurt xo

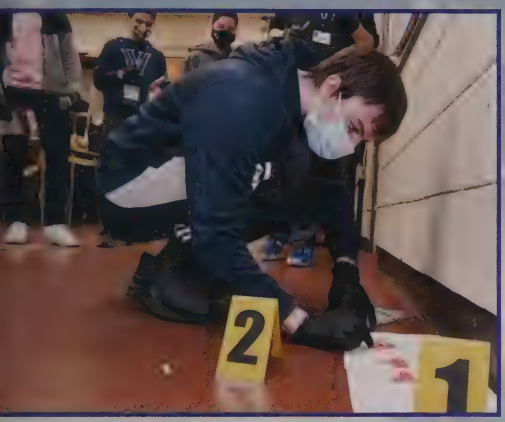
Making hands-on education work, in a pandemic that's hands-off

By Kayla Canne kcanne@thesunchronicle.com Jan 14, 2021 Updated Jan 17, 2021



In normal times, Jessica Woodbury would have practiced traffic stops in her criminal justice program at Attleboro High School last year, as a junior.

But when the coronavirus pandemic struck and forced classes to go remote, it also took away the most crucial experiences of vocational education: The hands-on work that can't go virtual.

Instead, the unit was pushed to this year. And even though schools are back partially in person, the pandemic forced some changes.

"We were limited in what we could do," Woodbury, 17, said. "It takes away a big part of the experience of practicing what we're learning."

High school seniors reflect on the reality of a much-anticipated year lost to coronavirus

Zach DesVergnes, 17, Attleboro

"My greatest takeaway from this pandemic is to just endure," DesVergnes said. "You have to keep going. Just endure, endure. Just never give up.

"Looking back, it almost seems dystopian. But at the same time, it was like a coming of age thing. It was definitely a transition year, and as it hit, I changed a lot. It matured me."

Jenna Machado, 18, Attleboro

Jenna Machado, a senior at Attleboro High School seen here last August, said the pandemic taught her many things, but especially lessons in self-love and how to be content with herself and her thoughts. "It's an everyday thing," Machado said.

Congratulations
Class of 2021

Dear Students and Families,

In a year filled with cancellations the AHS Yearbook staff worked hard to bring you a memory book to cherish. Although we were a smaller group than usual, working remotely from separate locations, we wanted to create a yearbook you would love.

The baby and childhood pictures you shared helped make this yearbook special and gave us joy. Many of those images made us laugh out loud. We hope they do the same for you.

We hope you enjoy the good work and forgive any errors that may have occurred.

Kind Regards,
The Tattletale Yearbook Staff
